CREATE YOUR RIPPLE

Every ripple starts somewhere.

Choose a rock and think about what brought you here, what inspires you, and the ripple you hope to create when you leave this weekend.

Paint something that represents:

- **YOUR WHY** - a word that captures what brings you to this work
- **YOUR STORY** - a symbol connected to advocacy or your cancer story
- **YOUR COMMUNITY** - something that represents the people or place you carry with you
- **YOUR IMPACT** - the change you hope to create
- **YOUR RIPPLE** - what you want to carry forward from this weekend
- **YOUR INSPIRATION** - or simply paint something that inspires you

One story. One action. One ripple.

Together, we create waves of change.
