   - When donations are not made online, quickly submit your donations to your ACS CAN Grassroots Manager.
   - For donations made at the event or outside of your CANRaiser page, make sure to complete an ACS CAN membership form for those who want to be members of ACS CAN. (People who donate through your CANRaiser page are automatically enrolled as members of ACS CAN). You can download an ACS CAN membership form right from the fundraising center on CANRaiser.

Volunteer Fundraising Need-to-Know for Your CANRaiser

Thank you for your commitment to conducting volunteer fundraising for ACS CAN. In making this effort, you will be representing the dedicated volunteers who advance our mission. As you know, you will represent ACS CAN and your efforts will help us raise funds and develop greater interest from your community. For those reasons, it is important that we give you the right guidance for soliciting contributions that assure the entrusted funds are appropriately handled and the brand of ACS CAN is protected.

Is a contribution to ACS CAN tax-deductible?

No. Contributions to ACS CAN are not tax-deductible for charitable or business expense purposes. It is important to be clear about this point when fundraising. As a result, tax receipts will not be provided to donors.

Do I need to include the ACS CAN tax disclaimer on event materials?

Yes. Any document requesting donations for ACS CAN needs to include this tax disclaimer: “Contributions or membership payments to the American Cancer Society Cancer Action Network, Inc., are not tax-deductible.” That is true even if the flyer is created by the venue hosting the event.

Does ACS CAN provide tax receipts?

No. Contributions or membership payments to ACS CAN are not tax-deductible, so tax receipts will not be provided.

What are the rules around becoming an ACS CAN member when someone gives?

Any donor who donates $10 or more through your CANRaiser personal page will become a member of ACS CAN. If you receive a contribution, you will need to fill out an ACS CAN membership form for the donor to become a member.

Does ACS CAN reimburse volunteers for their event expenses?

No. ACS CAN is not financially responsible for a volunteer’s event expenses.

Is the use of the membership forms required?

In the case where funding may be received in person and not through the CANRaiser online site, the standard ACS CAN Membership Form must be used whenever possible. If someone wants to make a contribution without becoming a member, ACS CAN will accept it. Promptly enter the proceeds in your online fundraising center and deliver the contributions to your ACS CAN Grassroots Manager.
Volunteer Fundraising Need-to-Know for Your CANRaiser

What content must be on material prepared for a fundraiser?

All material that you create must clearly state that contributions support the “American Cancer Society Cancer Action Network.” It must contain the tax-disclaimer language: “Contributions or membership payments to the American Cancer Society Cancer Action Network, Inc., are not tax-deductible.”

All materials prepared must be approved by your ACS CAN Grassroots Manager.

Can the American Cancer Society Cancer Action Network logo be used?

Yes, the ACS CAN logo can be used on event materials. You can contact your ACS CAN Grassroots Manager for a copy of the logo. All materials prepared, including use of the logo, must be approved by your ACS CAN Grassroots Manager.

Can I accept checks?

Yes. Checks should be made to “ACS CAN” and promptly provide it with the Membership Form to your ACS CAN Grassroots Manager. (If someone does not want to complete a membership form, turn the check into your ACS CAN Grassroots Manager.)

Where do I deposit offline proceeds?

Enter the information into your fundraising center and then give the money to your ACS CAN Grassroots Manager for processing.

Can I sell goods and services to raise funds for ACS CAN?

While there are “sale” ideas in the Fundraising A to Z section of this guidance, you cannot really sell anything through CANRaiser or in person on behalf of ACS CAN. You can offer courtesy goods and services to those who give. Selling goods and services could require ACS CAN to acquire a vendor license and/or collect sales tax under state and local laws. “Bake sales” and the like should include materials that explain this concept. Flyers and signs should contain this language: “Prices are suggested contribution amounts. All proceeds go to the American Cancer Society Cancer Action Network. Goods and services are provided courtesy of volunteers to the ACS CAN.” Materials should also include the tax-disclaimer language: “Contributions or membership payments to the American Cancer Society Cancer Action Network, Inc., are not tax-deductible.”

Can I host a fundraising event such as a dinner party, workout class or other special activities?

Yes. So long as all proceeds are directed to ACS CAN and the requirements described above, such as getting approval on material and tax-disclaimer language, is followed. If you have the event at a commercial location, such as a restaurant, you continue to be responsible for the costs and all proceeds collected must go to ACS CAN.
Volunteer Fundraising Need-to-Know for Your CANRaiser

Can I make a commitment for a restaurant night where some of the meal purchase goes to ACS CAN?

Not without an ACS CAN Grassroots Manager’s approval after receiving legal counsel. In many states, charity laws regulate these events and restaurants are not consistent in how they comply with the laws. Many restaurants have their own written contracts that a volunteer might be offered but should not sign. ACS CAN may be obligated to report the contract to a state charity agency. For that reason, we ask that you discuss the option with your ACS CAN Grassroots Manager and they will discuss the idea with ACS CAN legal counsel. While a volunteer cannot enter an agreement on ACS CAN’s behalf, ACS CAN may at its option decide to enter the agreement to support your volunteer efforts.

Can I serve alcohol at a fundraising event?

ACS CAN prefers that alcohol is not served at most fundraising event. However, in circumstances where a licensed provider (bartender) is involved, ACS CAN would provide a contract to the vendor that would assure the venue has an appropriate license and insurance. Your ACS CAN Grassroots Manager would have to work directly with the venue to complete the contract. The volunteer would remain responsible for the cost of the event, including alcohol.

Can I hold a raffle or sweepstakes to fundraise for ACS CAN?

No. Unfortunately state laws are very strict regarding this type of activity, and it would require ACS CAN to operate the event. For that reason, volunteers are asked not to conduct these activities.

Can I hold an auction?

Generally, yes. Most states do not consider an occasional charity fundraising auction for contributed goods and services to be a selling activity. It is important that materials are clear: “This auction is conducted by volunteers to benefit the American Cancer Society Cancer Action Network, Inc. All proceeds go to ACS CAN, and goods and services were contributed.” Materials should also include the tax-disclaimer language: “Contributions or membership payments to the American Cancer Society Cancer Action Network, Inc., are not tax-deductible.”

Fundraising Tip Sheet

1. GET THE BALL ROLLING
   Nobody likes to be first. That’s why it’s always a good idea to get your fundraising off to a good start by making the first contribution. This will make others more likely to get involved.

2. ADD YOUR WHY TO THE EMAIL
   We’ve put together an email template you can use right from your fundraising page. The most important thing you can add to this message is why you are fundraising. Let your family and friends know why this matters to you, that’s what they care about most!

3. START WITH YOUR CLOSE CONTACTS
   It’s always best to start by emailing your close contacts because they are the most likely to donate. Try sending some quick personal messages to your inner circle to build up some momentum. Then use the email template you customized to reach all your other contacts.

4. NOW MOVE TO SOCIAL MEDIA
   Once you’ve sent your first batch of emails out, it’s time to turn to social media. One of the best strategies to use on both Facebook and Twitter is tagging and thanking people that have already donated while you are asking for new donations. This spreads your message further and lets the people you are asking know that people are already getting behind you.

5. REENGAGE WITH EMAIL
   Don’t hesitate to send a few follow up emails. Emails are easy to overlook and people often open them up quickly and then forget to go back to them. Use email to keep people up to date with your progress as you hit different milestones (50% raised, 75% raised, etc.) and ask supporters to help you hit the next milestone.

6. CONTINUE THANKING AND UPDATING YOUR SOCIAL MEDIA.
   As more of your network gets behind you, keep thanking them on social media and make sure you continue to share your progress towards your goal.
