

Discussion Guide: Cancer Centers

This supplemental discussion guide provides suggested questions to use with cancer center faculty and staff, hospital cancer committees and other stakeholders at screenings of ACS CAN's short films: *Critical Condition: Stories of Health in the Heartland*; *On the Edge: Health Care in Alabama* or *Left Behind: Health and Hope in North Carolina*. Access the films and full screening guides at www.MedicaidCoversUS.org/films.

1. Was there a story that resonated most with you, or that you related to most?

Why?

2. How important is access to care to the well-being of our community?
3. How would more patients being covered through Medicaid/other health insurance affect cancer prevention and early detection?
4. What are the costs (financial and human) of delayed treatment?
5. How can we help educate the public (friends, family, colleagues) and legislators about the importance of health care to members of our community?
6. How do we help connect members of our community to health care services?
