ACS CAN Petition

The POWER of the PURSE

Please Support at Least a \$2.5 Billion Increase to Fund the National Institutes of Health

ACS CAN needs you to support an increase in funding for the National Institutes of Health and National Cancer Institute. We know that cutting-edge cancer research at the National Institutes of Health and National Cancer Institute is leading to improved treatments that have the potential to improve and even save the lives of millions of Americans. We are now at a tipping point where we can prevent approximately 50 percent of cancer deaths – but more progress is needed. We are calling on Congress to maintain the momentum and to increase funding for lifesaving cancer research. As your constituent, I am asking you to support an increase in funding for the National Institutes of Health and the National Cancer Institute. With your help, we can continue advancing cures.

Name: _____ State: _____
 Email: _____ ZIP: _____

** Thank you for signing the petition that will be forwarded to your lawmakers. We care about your privacy and protect your information as well. To view our complete privacy policy, or if you have any questions, please visit fightcancer.org/makingstrides.
