What is ACS CAN?

The American Cancer Society Cancer Action Network (ACS CAN) makes cancer a top priority for policymakers at every level of government. ACS CAN engages volunteers across the country to make their voices heard to ensure that our cities, our states and our nation adopt evidence-based policies that improve the lives of people with cancer and their families. We believe everyone should have a fair and justice opportunity to prevent, detect, treat, and survive cancer.

Since 2001, as the American Cancer Society's nonprofit, nonpartisan advocacy affiliate, ACS CAN has successfully advocated for billions of dollars in cancer research funding, expanded access to quality affordable health care, and advanced proven tobacco control measures. We stand with our volunteers, working to change public policy to end cancer as we know it for everyone.

The Event

In September 2025, the American Cancer Society Cancer Action Network (ACS CAN) will host its 15th annual Lights of Hope event. Each Light of Hope honors loved ones who have survived cancer and remembers those we've lost.

The displays in communities from coast to coast and in our nation's capital will send a clear and impactful message to lawmakers that fighting cancer must be a national priority – from increasing funding for lifesaving cancer research to ensuring that all Americans in all communities have access to quality, affordable cancer care.

A look back at 2024:

- We displayed over 80,000 Lights of Hope at hundreds of at-home displays
- We raised over \$834,225
- 2.8 thousand posts using #lightsofhope on our social media
- 189 television hits on Lights of Hope

This event is very powerful and meaningful to all. Your support will help us light hope across America.
