

# MCED Cosponsorship Asks

## **Email Template**

Subject Line: Please cosponsor H.R 842

Dear [staff contact name],

I hope you are doing well. As a constituent and volunteer for the American Cancer Society Cancer Action Network (ACS CAN), I am emailing to request [lawmaker name] to cosponsor H.R 842, the Medicare Multi-Cancer Early Detection Screening Coverage Act – a bill with strong bipartisan, bicameral support that would lay the groundwork for Medicare to cover multi-cancer early detection tests once FDA-approved and clinical benefits are shown, allowing people affordable access to the most advanced early detection tests possible.

[Briefly share your story.]

[lawmaker name] previously cosponsored this legislation in the 118th Congress. Can I count on [his/her/their] support to cosponsor the Medicare Multi-Cancer Early Detection Screening Coverage Act again? I look forward to your reply.

Sincerely,

Volunteer Name

## **Phone Call Script**

My name is [your name] and I live in [city]. As a constituent and volunteer for the American Cancer Society Cancer Action Network (ACS CAN), I'm calling to ask [lawmaker name] to please cosponsor the Medicare Multi-Cancer Early Detection Screening Coverage Act (H.R 842). [Lawmaker name] was a cosponsor of this legislation in the 118th Congress. This bill has strong bipartisan, bicameral support and would lay the groundwork for Medicare to cover multi-cancer early detection tests once FDA-approved and clinical benefits are shown, allowing people affordable access to the most advanced early detection tests possible. As a previous cosponsor, I hope I can count on [lawmaker name] to support this important legislation once again. Thank you.

## **Social Media Templates:**

- Earlier cancer detection leads to better outcomes. [tag lawmaker handle], will you cosponsor the #MCEDAct? We need your help to ensure Medicare enrollees have

access to multi-cancer early detection screening once FDA-approved & clinical benefit is shown.

- .[tag lawmaker handle], will you cosponsor the #MCEDAct? This important bipartisan legislation has the potential to make a meaningful difference in the lives of Medicare enrollees & their families by ensuring access to #MCED tests once FDA-approved & clinical benefit is shown.
- Join me in asking [tag lawmaker handle] to cosponsor the #MCEDAct! Multi-cancer early detection screening tests can help detect more cancers earlier in more people, which can save more lives from cancer. Please support this critical bipartisan bill.
