People are truly passionate about their food and their local favorites. It is very common to hear arguments over who has the best this or that. I have traveled to every part of New York State and the one common theme is our regional favorite cuisines. When traveling, I look forward to going to that one restaurant in that area I love or having that one item I can only get in a particular place. Thinking of this gave me the inspiration to create this e-cookbook. Compiling all of our regional favorites into one place gives us the opportunity to savor these tastes whenever and wherever you are in the state, or country for that matter.

I hope you enjoy this compilation of treasured recipes and flavors from across the Great State of New York. I have left out names of particular places for fear of copyright infringement but if you are from that area, you will know the places some of these classics originated. I have also altered recipes and created my own as to not take anyone else's ideas. I have created this e-cookbook strictly for charity and to give it away, never to profit from it. The words I have written are my own and are based on my personal travels or information I have read and compiled by friends living in the areas.

I hope you will come along with me and enjoy this culinary trip across New York State.
New York City

Known for being the city that never sleeps, New York City is also known for cuisine from around the world. Mostly though, when anyone mentions the City, we think big slices of pizza, delis with mile high sandwiches, huge slices of New York Style Cheesecake and the best bagels anywhere. Don't forget the Manhattan Clam Chowder!

This section includes a few of these quintessential New York style recipes passed down from generation to generation for you to enjoy!

NEW YORK STYLE CHEESECAKE

Crust
1 3/4 c graham cracker crumbs
2 Tbsp sugar
4 Tbsp plus 1 teaspoon butter, melted

Filling
4 bricks of cream cheese (totaling 32oz)
1 1/3 c granulated sugar
2 teaspoons vanilla
4 large eggs

Prepare the crust
- Put the graham crackers in a food processor or blender until finely ground or buy the already crushed graham crackers in a box.
- In a large bowl stir in the sugar and melted butter.
- Preheat oven to 350°F with rack in lower third of oven. Press the graham cracker crumbs into the bottom of the 9" spring form pan: Gently press down on the crumbs using your fingers, until the crumbs are a nice even layer at the bottom of the pan.
Directions

- Bake the crust: Place the pan on a baking sheet and bake at 350°F for 10 minutes. Remove from the oven and let cool.
- Wait until the crust has cooled, triple wrap pan in heavy duty foil on the bottom folding up the sides. Be sure there are NO holes.

MAKE THE CHEESECAKE

Turn oven to 325°F.

- Cut the cream cheese into chunks and place in the bowl of an electric mixer with the paddle attachment. Mix on medium speed until smooth.
- Add the sugar then vanilla, beating after each addition.

- Pour the cream cheese filling into the spring form pan over the graham cracker bottom layer. Smooth the top with a rubber spatula.
- Very carefully, pour the hot water into the roasting pan to create a water bath for the cheesecake until the water is halfway up the side of the spring form pan, about 1 1/4 inches.
- Place the roasting pan with the spring form pan in the oven on the lower rack.
- Bake at 325°F for 1 1/2 hours.
- Turn off the heat of the oven. Crack open the oven door 1-inch, and let the cake cool in the oven for another hour.
- Chill in the refrigerator for a minimum of 4 hours, or overnight.
- Top with your favorite fruit, whipped cream or just serve plain.
From the Montauk Lighthouse to the New York Harbor, this densely populated Island has Long Island Sound on one side and the Atlantic Ocean on the other. What was once farmland is now a playground for the rich and famous.

From thriving metropolis to the shore, Long Island is so unique in so many ways. They even have their own Iced Tea named after them. Of course this drink is not for the kids and not for the faint of heart, just like life can be on the Island.
LONG ISLAND ICED TEA

1 oz White Rum
1 oz Vodka
1 oz Gin
1 oz Tequila
1 oz Triple Sec
Sour mix
Splash of Cola
Lemon for garnish

Directions:
Using a shaker filled with ice, combined all of the ingredients except for cola and lemon. Shake. Serve in tall glass with ice, splash of cola and lemon for garnish. Sip cautiously and responsibly.
LONG ISLAND EGG SANDWICH
AKA BEC SPK

My Long Island friends told me about the Long Island Egg Sandwich and that it was something they ordered all the time or longed for when they go back home. My Mom has actually made these breakfast sandwiches for years and this is how she does it.

1 egg, scrambled or fried (your preference)
2 slices of bacon
1 slice of American cheese
Butter
Salt, pepper and ketchup to taste (optional)

- Cook bacon and set aside.
- Butter both sides of the hard roll and grill in frying pan or flat top grill until lightly browned.
- Scramble or fry the egg.
- Place cheese on top of the egg and melt.
- Put the bacon, egg and cheese (BEC) on the roll.
- Sprinkle with salt, pepper and add ketchup (SPK) to taste.
LONG ISLAND BAKED CLAM
RECIPE COURTESY OF DAWN HETTRICK

Ingredients
12 top neck or chowder clams. (If the largest you can find are cherry stone, you may want to get a dozen and a half and you will have smaller shells to stuff).
Reserved nectar (juice).
1 clove of garlic, minced
3 ribs celery, finely chopped
1 medium onion, finely chopped
1 medium bell pepper (any color) or a long hot pepper, finely chopped
6 slices of bread of your choosing. Stale bread is preferable but not necessary.
1 tsp Italian seasoning, or 1/2 tsp oregano and 1/2 tsp basil, to taste.
If you prefer fresh herbs, make sure to add quite a bit extra.
Olive oil

Directions
- Steam the clams - add a cup of water to a pot with a lid with ample room for the clams to open. Clean and place clams in the pot, bring water to a boil, cover and reduce heat to a simmer. Check periodically until the clams have popped open. You can carefully extract clams as they pop open with tongs to make room. Extract the clams from the shells and save the broth. Mince the clams (a food processor works best). Note: For best results, scrub the outside of the clams well before cooking. After cooking place nectar into a large glass measuring cup or bowl with a pouring spout. Let the nectar sit for a few minutes and carefully pour into another container keeping an eye to not pour off any silt at the bottom.
Preheat oven to 350 F.

In a frying pan on medium heat, heat oil and add garlic. Let it caramelize a bit.

Add the celery, onion and pepper. Cook until onion is translucent.

Soak each slice of bread in the clam nectar and place in the pan. Break up the bread with a spoon until it is relatively uniform in texture - Add a bit more nectar and seasoning and thoroughly heat, reducing the liquid until the mixture is the consistency of a moist stuffing. Add more nectar as needed for desired moistness.

Add the minced clams and mix thoroughly.

Select the clam shell halves you want to use. Place a generous tablespoon or more in each shell to fill it. Probably 12 or more, until all the stuffing is in shells.

Place the stuffed shells on a cookie sheet.

Place the sheet of shells in the oven. Bake for about 20 to 30 minutes until the top is slightly browned.

Serve with lemon wedges if desired.
Catskill Mountains

The Catskill Mountains were once home to lavish all-inclusive resorts and the summer getaway for New York City dwellers.

The Catskill Resorts would bring in big name entertainment and after their night was through, they would go out in search of late night snacks and drinks. I have read that this is how the "RPG" or Roast Pork on Garlic Bread became legend in this area. Don't forget to add the Kosher dill pickle on the side to make it truly authentic.
ROAST PORK ON GARLIC BREAD (RPG)

Roast Pork Recipe
Char Sui

Ingredients
3 pounds boneless pork shoulder/pork butt
¼ cup granulated white sugar
2 teaspoons salt
½ teaspoon five spice powder
¼ teaspoon white pepper
½ teaspoon sesame oil
1 tablespoon rice wine
1 tablespoon soy sauce
1 tablespoon hoisin sauce
2 teaspoons molasses
1/8 teaspoon red food coloring (optional)
3 cloves finely minced garlic
2 tablespoons honey
1 tablespoon hot water

Directions
• Cut the pork into long strips or chunks about 3 inches thick.
• Combine the sugar, salt, five spice powder, white pepper, sesame oil, wine, soy sauce, hoisin sauce, molasses, food coloring (if using), and garlic in a bowl to make the marinade (i.e. the BBQ sauce).
• Reserve about 2 tablespoons of marinade and set it aside. Rub the pork with the rest of the marinade in a large bowl or baking dish. Cover and refrigerate overnight, or at least 8 hours. Cover and store the reserved marinade in the fridge as well.
• Preheat your oven to 475 degrees F with a rack positioned in the upper third of the oven.
Line a sheet pan with foil and place a metal rack on it. Using the metal rack keeps the pork off of the pan and allows it to roast more evenly. Place the pork on the rack, leaving as much space as possible between pieces. Pour 1 ½ cups water into the pan below the rack. This prevents any drippings from burning or smoking.

Transfer the pork to your preheated oven and roast for 25 minutes. Make sure to check your char after the first few minutes of roasting and adjust your oven temperature accordingly. After 25 minutes, flip the pork. If the bottom of the pan is dry, add another cup of water. Turn the pan 180 degrees to ensure even roasting. Roast another 15 minutes.

Meanwhile, combine the reserved marinade with the honey.

After 40 minutes of total roasting time, baste the pork with reserved marinade with added honey, flip it, and baste the other side as well. Roast for a final 10 minutes.

The pork should cook for 50 minutes total. It should be cooked through and caramelized on top. If it’s not caramelized to your liking, you can turn the broiler on for a couple minutes to crisp the outside and add some color/flavor. Be sure not to walk away during this process, since the sweet char BBQ sauce can burn if left unattended.

Remove from the oven and baste with the last bit of reserved BBQ sauce. Let the meat rest for 10 minutes before slicing.

THE SANDWICH ASSEMBLY

Capitol District

The Capitol District, my hometown area. When I asked about a food that was a must have in this area, there wasn't an exact dish other than Shoo Fly Pie mentioned, but places that people coveted and longed for when they are away.

My cousin in Dallas longs for the taste of the cheeseburger slider at the local drive-in and so many love the fish fries at the local seafood shack. Another local favorite would be mini hot dogs and the various places in the area you can get them.

I would be remiss if I didn't also mention the leaf peeping time of Fall and the best Cider Donuts you ever had from your local apple farm. For the purposes of this book, I have tried to re-create those incredible flavors we all love.
CIDER DONUTS

Ingredients
2 cups apple cider
3 cups all-purpose flour
1/2 cup whole wheat flour
2/3 cup packed brown sugar
2 teaspoons baking powder
3/4 teaspoon salt
1/2 teaspoon baking soda
1/4 teaspoon each ground nutmeg, cinnamon and allspice
2 large eggs
6 tablespoons butter, melted
Oil for deep frying (I use vegetable or canola)

Directions
• In a saucepan, bring cider to a rapid boil; cook over med-high to high heat until reduced by half, about 12 minutes. Cool completely.
• Whisk together flours, brown sugar, baking powder, salt, baking soda and spices.
• In a separate bowl, whisk eggs, melted butter and cooled cider; stir into dry ingredients just until moistened.
• Cover and refrigerate until firm enough to shape, 1 hour
• Divide dough in half. On a floured surface, pat each portion to 1/2-inch thickness; cut with a floured 3-in. donut cutter.
• In an electric skillet or deep fryer, heat oil to 325°. Fry donuts, a few at a time, until golden brown, 2-3 minutes on each side.
• Don’t waste the donut holes! Fry a few at time, until golden brown and cooked through, about 1 minute on each side. Drain on paper towels; cool slightly. If desired, dip donuts into sugar or cinnamon sugar.

Since the time I was 10, I began camping as a Girl Scout and my love for the woods just grew from there. I have many fond memories spent at Raquette Lake, Lake George, the High Peaks Region and time spent at my friend's camp in Indian Lake. I thought I would share some of my favorite camping recipes with you from times spent in the Adirondack Region.
BACKWOODS HASSELBACK POTATOES

I will give you both ways to make these amazing potatoes. The first way is the backwoods camping way. Be sure to scrub your potatoes prior to leaving for camp because water can be scarce when you are at your tent site. I throw seasonings in my "kitchen" tote when camping so YES, I do bring rosemary, garlic salt and pepper because that’s the way I roll. Always remember to pack a cutting board and sharp kitchen knife with you as well! The night you are ready to make these, be sure to start a fire and let it burn down so you have some good cooking coals ready to go.

Ingredients
4 medium to large baking potatoes - sliced across the potato about 1/4 inch for each slice. Do not slice through the potato, slice about 3/4 of the way so the bottom of the potato stays intact.
1 sweet onion, thinly sliced
Butter
Crushed, dried rosemary
Garlic salt
Pepper
Foil

Directions
• Take a piece of foil, place the prepared potato, a few slices of onion, 2-3 pats of butter and sprinkle with seasonings.
• Fold the foil super tight and then wrap again with foil as to not get any ash on your potatoes and so that no butter leaks out.
BACKWOODS HASSELBACK POTATOES CONTINUED

- Place foil wrapped potatoes on the outer rim of coals. Let cook for about an hour, turning occasionally. Pierce the potato to see if it is cooked. Keep cooking until you can easily pierce the potato with a knife.
- When done open the foil packets and place potatoes on a plate, serve with sour cream if you can fit it in your cooler to bring with you!

COOKING THE POTATOES AT HOME

Directions

- Arrange a rack in the bottom third of the oven. Heat the oven to 425°F.
- Scrub the potatoes, clean and pat them dry.
- Cut slits in the potatoes, leaving the bottom intact.
- Arrange the potatoes in a baking dish. Brush the potatoes all over with butter or oil, including the bottoms.
- Sprinkle the potatoes generously with garlic salt, pepper and rosemary.
- Bake 30 minutes, then brush with more butter or oil and add the onion on top.
- Bake another 30-45 minutes until the potatoes are crispy on the edges and easily pierced in the middles with a paring knife.
- Serve immediately. Serve with sour cream and chives. (optional)
When I was younger, my sister and I would spend a week every summer at Raquette Lake tent camping with friends. There was one night we would do a big dinner and Ginger Teriyaki Chicken, plus a 7 lb can of chocolate pudding would always be our contribution to the shared meal. Mostly because it was simple but impressive when tent camping and easy to make for a crowd. Prepare this before you leave, marinading for a day or two makes the chicken even more tender. You can cook this over an open fire with a grate in a pan or grill it. Either way, the flavor is hard to forget.

**Ingredients**
- 4 boneless, skinless chicken breasts
- Fresh ginger root, sliced
- 1 bottle of store bought ginger teriyaki sauce, if you cannot find ginger teriyaki, just teriyaki will be good as well.

**Directions**
- Rinse and pat dry the chicken breasts.
- Make 3-4 small slits on the top of the breast.
- Place a slice of ginger root in each slit.
- Put in a gallon sized baggie. Pour bottle of sauce in the bag.
- Let air out of bag and seal tight. Let marinade until ready to cook, at least 4 hours.
- With tongs take the chicken breasts out of the bag and place on hot grill or in pan sprayed with non-stick spray.
- Cook about 10 minutes, flip cook on the other side another 10 minutes until cooked through and there is no pink.

Simple yet so delicious and full of flavor!
WAFFLE Cone S'MORE

This is probably hands down the best take on a s'more ever!

**Ingredients**
- Waffle cones
- Mini marshmallows
- Chocolate chips or chopped chocolate bar
- Chopped strawberries
- Chopped bananas
- Chocolate sandwich cookies
- Whipped cream (we made it homemade because we were RV camping but you can absolutely use store bought).
- Ice cream of choice - (Again we were RV camping, I do not recommend ice cream unless you use it right away while tent camping).

**Foil**

To make Whipped Cream, ingredients:
1 cup Whipping or Heavy Cream
2-4 tbsp Confectioner's Sugar
1 tsp Vanilla or Almond extract

**Directions**
- Take waffle cone and layer marshmallows, chocolate and fruit. Wrap tightly but gently as to not break the cone in foil. Place on a grate over a low campfire or grill (at home too). Cook for about 10-15 minutes.
- To make whipped cream, place 1 cup heavy or whipping cream, confectioner's sugar and extract in a mixing bowl and beat on high until soft-medium peaks form, about 7-10 minutes. Don't over beat or you will make butter.
- Carefully unwrap the cone, add ice cream, whipped cream and a cookie on top!
Fort Stanwix National Monument in Rome, NY
Central New York

Of all the areas in New York State I asked for regional favorites from, I have to say Central New York takes the prize for the most! From Utica Greens and Tomato Pie, to Chicken Riggies; it seems the Central part of New York State is brimming with great food!

My stints in the central part of New York have been mostly due to the New York State Fair in Syracuse. Talk about incredible food choices! One of my all time favorite fair foods would be Chicken Spiedies. I have recently found out they actually originated in our Southern Tier in Binghamton, NY. I have added them here for your enjoyment.

The beauty of the Islands throughout the St. Lawrence River and the sights of Heart Island and Boldt Castle are majestic. Of course, as a regional favorites book, I had to mention Thousand Islands dressing. While there are different stories surrounding it's origin, it's probably one of the simplest yet most widely used "secret sauces."

The base consists of mayonnaise, ketchup and relish, one can embellish with other flavors they may like and mix it together making a versatile and terrific dressing to be used on sandwiches and salads.

The Thousand Islands borders Canada so when visiting, you can also find fried cheese curd and poutine at many local eateries. I have included these delicious treats for you to try here in the states.

Western New York

From the High Falls of Rochester, the amazing architecture of Buffalo City Hall to the majesty of Niagara Falls, Western New York has many sights and wonders to visit.

Buffalo is also home to one of the most famous foods in the country, the Buffalo Chicken Wing. I don't think there is anything they do not make with "Buffalo wing" flavor; there is even a Buffalo wing potato chip. Buffalo wing dip is probably a staple at every gathering one attends these days. I know it is one of my personal favorites. I hope you enjoy these great tastes from the Western part of New York State.
ROCHESTER GARBAGE PLATE

There are many variations to the Garbage Plate, you have a choice of baked beans, macaroni salad, and/or home fries or French fries. Choice of protein either Red or White Hots (pork hot dogs), hot dog, hamburger, cheeseburger, chicken tenders or sausage. Toppings include your choice of ketchup, mustard and chopped onions. The garbage plate is what you make it to your specification but the hot sauce is one of the most important ingredients to make it authentic.
