

The Nationwide ACS CAN CLUB program is an excellent way for events and teams to get recognized for ACS CAN membership recruitment. This program is a proven successful strategy to increase our grassroots power in the fight against cancer.

ACS CAN CLUB National Standards and Recognition

Event Level—Recruit and track at least 40 registered event participants to join ACS CAN

- Banner, for the first year an event accomplishes this goal, and a sticker that indicates the year of the accomplishment for progressive years of achievement.
- Opportunity to have the ACS CAN Club Event logo on the back of their event t-shirt, if the status is accomplished before the t-shirt ordering deadline
- ACS CAN Club Event Certificate
- The opportunity to share the ACS CAN Club event social media graphic

Team Level—A team that recruits and tracks at least 10 registered event participants to join ACS CAN

- All team members who are part of a team that achieves ACS CAN Club status will receive an ACS CAN Club button to wear proudly during their event and beyond.
- ACS CAN Club Team Certificate

Nationwide recognition will be standardized, however, if communities have other ways to recognize ACS CAN Club teams and events that are NO COST options (such as an ACS CAN CLUB lap, mention on event webpage, etc.), that is encouraged. Examples of nationwide recognition pictured below.
