

Texas Capitol Map: ADA Parking

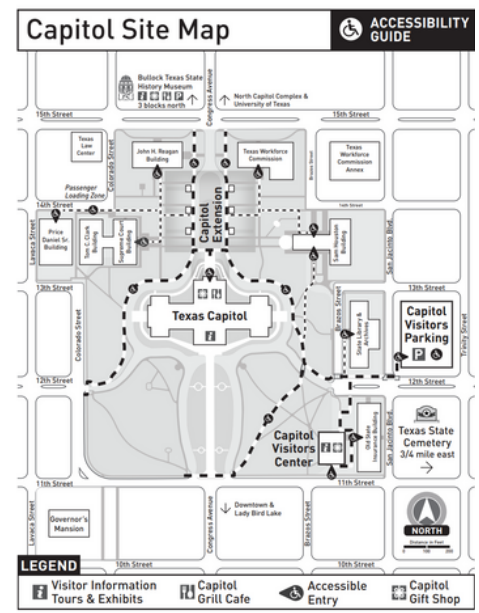

ADA Parking:

Street parking is limited and competitive. Parking in the Visitors Parking Garage (1201 San Jacinto Blvd.) is recommended to ensure an accessible route to all Capitol Square facilities

Watch for Accessible Route markers on the Capitol Grounds which indicate ADA compliant routes to and from all Grounds entrances, the Capitol's North Entrance, the Capitol Visitors Center's South Entrance and the Capitol Visitors Parking Garage.

All Capitol, Capitol Extension and Capitol Visitors Center facilities are accessible to persons with disabilities.

Vehicles properly displaying a parking placard or parking license for people with disabilities may park at parking meters in the Capitol Complex for free at any time.
