Expand Access to Biomarker testing in New York

Biomarker testing is an important step for accessing precision medicine, including targeted therapies that can lead to improved survivorship and better quality of life for cancer patients. We led a successful campaign and passed legislation to expand access to this important testing with huge, bipartisan support!

However, we are not there yet. There is one more step to make biomarker testing a reality for more New York patients: the Governor's signature.

Please send a message to Governor Hochul today and implore her to sign this bill the minute it hits her desk! New Yorkers are depending on her to act to help more patients get the right treatment at the right time.

ACS CAN New York asks you to TAKE ACTION!

**CALL
GOVERNOR HOCHUL
TODAY!**

**Call 518-474-8390,
then press 2 to speak
with someone.**

**You will likely be put on a brief hold.
Don't hang up. Please be patient.**

Here is what to say when you call:

"My name is INSERT YOUR NAME I am calling from INSERT CITY/TOWN NAME to express my strong support for S.1196A/A.1673A which would improve access to biomarker testing in New York. This bill passed with overwhelming bipartisan support and will help save lives. Please sign the bill into law and reject any efforts to weaken it."

**Expand Access to Biomarker testing
in New York**
