

Leadership Summit and Lobby Day social for volunteers

Leadership Summit and Lobby Day is an extraordinary opportunity to network, learn, and most of all to represent the millions of people across our country who are impacted by cancer. During the **Leadership Summit** we prepare volunteers and staff to advocate for cancer patients and their families on Capitol Hill and plan for the year ahead. On **Lobby Day**, volunteers meet with their congressional delegation to make specific asks to address the needs of cancer patients, their caregivers, and families.

As we make these specific asks, it is more important than ever that members of Congress hear from constituents like you! **Join ACS CAN by tweeting on Tuesday, September 13 for #CancerLobbyDay to urge your lawmakers to take action and make cancer a national priority.**
