

# 2020 Leadership Summit & Lobby Day Thank You Template

Please connect with your staff partner for the email addresses for the staff with whom you met. Don't forget to personalize this template! Thank you for helping us round out our successful day on the Hill with this final piece!

Dear <Person>:

Thank you for virtually meeting with me on Tuesday, September 15<sup>th</sup> for ACS CAN's annual Lobby Day. Although the year was a little different, I appreciated all the time you took to review our legislative priorities.

Advocating on behalf of cancer patients and their families is important to me because-**ADD PERSONAL STORY/DETAILS HERE.**

For this year we are asking Congress to:

- Support at least \$44.7 billion (a \$3 billion increase) for the National Institutes of Health (NIH) in FY2021 including \$6.9 billion for cancer research at the National Cancer Institute (NCI); and \$559 million for the Centers of Disease Control and Prevention's (CDC) cancer programs, in the FY2021 funding bill.
- Cosponsor H.R. 1966/S. 946 the Henrietta Lacks Enhancing Cancer Research Act

Once again, thank you for your time and attention. I hope we can count on you to continue to support our efforts to ensure that the voices of cancer patients and their families are heard in Congress and across the country.

Sincerely,

Don't forget to add your name!
