

Thank you for protecting South Dakotans' access to health care coverage.

South Dakotans voted to expand access to health care coverage in 2022. Because of that vote, more than 30,000 of our friends and neighbors are now getting the lifesaving care they need.

Thank you to the South Dakota House Members who honored South Dakotans' voices this legislative session and protected access to health care coverage.¹

Because of you, South Dakotans will continue to have access to affordable health care coverage.

Cancer patients and South Dakotans with chronic conditions can get potentially lifesaving care including screenings, treatments, prescriptions, and more.

Working families can get the care they need when they need it—without the fear of catastrophic medical bills.

Strengthens rural hospitals and clinics that provide critical access to emergency care.
