

**SUPPORT SB 1309—EARLY  
DETECTION SAVES LIVES**

# Help Remove Cost Barriers to Lung Cancer Screening

No one should have to choose between their health and paying their bills.

## Why This Matters

- Lung cancer is the **leading cause of cancer death** in California
- Nearly **10,000 Californians die each year** from lung cancer
- **Screening can catch lung cancer early**—when it's most treatable
- **High out-of-pocket costs cause many people to delay or skip follow-up care**

## What SB 1309 Would Do

- ✓ Require health plans to cover follow-up lung cancer screenings and diagnostic tests
- ✓ Eliminate copays, deductibles, and coinsurance for medically necessary follow-up care
- ✓ Ensure patients can complete screening without delays

**URGE LAWMAKERS TO VOTE YES ON SB 1309.  
SIGN THE PETITION TODAY.**
