ACCESS TO CANCER CARE

Access to affordable, comprehensive health care can determine whether you live or die from cancer. Medicaid provides a vital safety net for approximately one in five adults newly diagnosed with cancer and has historically been associated with improvements in cancer outcomes. Will you oppose policies that further reduce Medicaid eligibility for Nevadans or create administrative barriers, and support policies that ensure timely access to cancer screening and treatment?

AARON FORD

Yes

Yes, I will oppose policies that further reduce Medicaid eligibility for Nevadans or create administrative barriers, and support policies that ensure timely access to cancer screening and treatment.

TOBACCO PREVENTION

Tobacco companies continue to market addictive products, including vapes and nicotine pouches, and put our kids at risk for a lifetime of addiction. Now more than ever, we need elected officials to support policies that protect the health of our kids, even if this means tobacco companies make less money. Will you support annual funding and programming for life-saving tobacco prevention and cessation programs in Nevada?

AARON FORD

Yes

Yes, I support annual funding and programming for life-saving tobacco prevention and cessation programs in Nevada.
