SAVING LIVES THROUGH CANCER RESEARCH

Rarely has the importance of medical research been more apparent than during this ongoing pandemic. Increasing federal funding for medical research is critical to promoting further discovery. Will you vote for sustainable annual increases in cancer research funding for the National Institutes of Health and the National Cancer Institute?

WILEY NICKEL**Yes**

Wiley Nickel is a two term State Senator in North Carolina that was first motivated to get involved in politics after losing his father to cancer in high school. He understands how a healthcare crisis can shake a family, and is passionate about doing everything he can to ensure everyone has access to the care they need. Research into the leading newest care practices is a critical part of ensuring the highest quality of patient care.

ACCESS TO HEALTH CARE

Access to affordable, quality health care can determine whether you live or die from cancer. Will you support legislation to provide Americans access to affordable, quality health care that will ensure access to health insurance for everyone in the Medicaid coverage gap and ensure greater affordability of Affordable Care Act marketplace plans?

WILEY NICKEL**Yes**

As a State Senator, Wiley Nickel has led the fight to expand Medicaid in North Carolina. He is proud of his work reaching across the aisle to get Medicaid expansion passed through the State Senate. In Congress, he's committed to continuing that work to expand access to affordable healthcare and close the coverage gap.

EQUITY IN CLINICAL TRIALS

Clinical trials are key to advancing new standards of care that can improve survival and quality of life for people with cancer, but to be successful, trials must have adequate participation, including diverse

ACS CAN, the nonprofit, non-partisan advocacy affiliate of the American Cancer Society, supports evidence-based policy and legislative solutions designed to eliminate cancer as a major health problem. ACS CAN works to encourage elected officials and candidates to make cancer a top national priority. ACS CAN gives ordinary people extraordinary power to fight cancer with the training and tools they need to make their voices heard. For more information, visit fightcancer.org.

participation from currently underrepresented groups. Will you support legislation to ensure more patients — regardless of their race, ethnicity, economic means or their geographic location — have a chance to enroll in clinical trials?

WILEY NICKEL

Yes

Sen. Wiley Nickel understands that equal and meaningful access to clinical trials is a key part of ensuring the highest quality patient care in our country.
